Dean of

Vice Dean of graduate studies and research from 11-10-2011 to 18-11-
2014.....

Thesis Title

M. Sc. Studies on the arthritis in chickens

Ph. D. Pathological studies on side effects of cyclosporine "A" on tissues

Areas of experience

Toxicopathology and stem cell research

Projects

Low Cost decentralized Sewage water Treatment in Egypt For use in Agriculture and
Producing safe
Fish and Animal Proteins

This is a multidisciplinary project between faculty of science, faculty of veterinary medicine
and faculty of agriculture

Awards

Professional Qualifications

Conferences

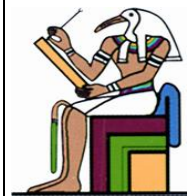

Participation in the annual conferences of the Egyptian Medical Society for Pathology and Clinical
Pathology.

Participation in international conferences, the fourth and fifth meetings of the scientific research
and its applications, University of Cairo, Egypt.
